Support for People Living with HIV

Arm delivers the provisions to a village along the Myanmar Border

The Outreach Team makes regular visits to remote Hill-Tribe and Migrant villages in Northern Thailand close to the Myanmar Border.

[Support for People Living with HIV](#)

Home Care Outreach

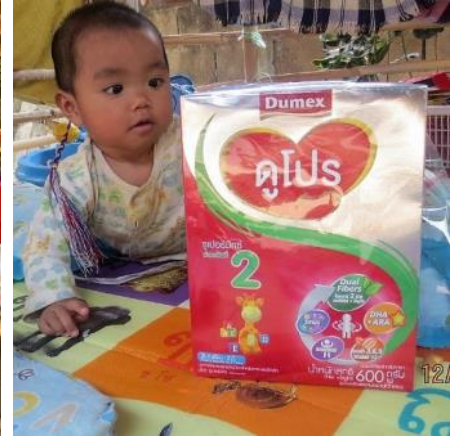

[Jeremy Berkoff, donor from England](#), on a Home Care visit to Muang Ngai

Home care visits are made to over 700 registered patients, in co-operation with HIV health care volunteers, to the more isolated villages and communities.

Babies and Pre-school support

Infant receives his formula milk

HIV mothers of newly born infants need special support. Rejoice has instigated a Mother and Baby support scheme. This is similar to the Scholarship Programme

[Babies in Need](#)

School Scholarship Programme

Some of the Children [sponsored by SDU](#) receiving their scholarships in Chiang Dao

64 students benefit from the School Scholarship Programme mainly supported by individuals on an annual basis.

[Scholarship Appeal](#)

Volunteer Patients and hospital staff.

Volunteers (HIV+ve) and hospital staff at their annual overnight get-together

Rejoice Hosts the Annual Overnight Get-together. Volunteers from the rural hospital and hospital staff are invited to attend.
